

Pillar Project: Civic Advocacy

- Compile active resources from the Cambridge Health Alliance database to serve patients in. the local Malden area
- Devise a potential strategy to screen patients for social determinants of health for the reopening of the Sharewood Project

Malden Project

- Research current government policies affecting the dissemination of healthcare
- Plan advocacy strategies to reach out to those in power in order to fight against unjust policies

Legislature Advocacy

- Advocate to stop the use of legacy in admissions processes, as legacy tends to favor generational wealth while hindering diversity

Legacy
